DAY OF ACTION

HELP HONOUR & PROTECT
OUR ANCESTORS

What is the Issue?

Our burial ground was desecrated on February 29, 2016 and our community was not able to fully recover the remains of our ancestors on the site. Our goal is to recover and rebury our ancestors at this site. We carry a sacred duty to protect, preserve, and defend our ancestral remains.

LSIB was granted temporary access to collect approximately 500 exposed remains but additional collection is required. An archeological impact assessment permit has not been granted to fully determine the extent of the burial grounds.

A year and a half has passed and the government has yet to provide a meaningful solution to the issue. The Province of BC must uphold their own laws and policies through the Heritage Conservation Act and ensure the site is protected and the remains are respectfully reburied.
